T-Pain's Pain Effect's is the perfect vocal sample tool. Record or play over a vocal and instantly produce a track that can be played on the radio. The Pain Effect's is loaded with 100's of sample packs and drum kits to produce tracks of all genres. T-Pain's Fat Effect is designed to make your guitar, bass, or drums sound like the legendary autotune vocal harmonies of T-Pain's infamous songs such as "Buy U a Drank (Shawty Snappin)", "I Got That Right (Murder)", and "Let Me Love You". The T-Pain Effect is a collection of three fun and easy music making tools that help everyone to make music. Make beats and record vocals . You can create sounds of your own, mix and match them together in a creative environment, and then use them to make your own music. At the core of the app is a library of hand-crafted one-of-a-kind effects, wacky ambiences, synthetic percussion and everything in between. There are sound effects which feature sound effects that you can use to make your own sounds. By the sound of this app, I am sure that you will have fun making some sounds.
